NODAK CROP INSURANCE NEWS

1965 Edition No. 5

February 5, 1965

Sales - With the reinstatement date now past all efforts will, of course, be concentrated on making the personal contacts that will result in new sales. As the difference in the temperatures of the past two days shows, weather conditions can change real fast in North Dakota. We must be able to take advantage of any breaks that will enable us to see the people we need to see if we are to meet and exceed the goals set for 1965 business. We know your plans are made. You will meet the challenge and our 1965 campaign will be a success.

Reinstatements - Please transmit all that have been made as soon as possible so that we can finish up this phase of our work.

Reports - Your next sales reports should be reviewed to determine that all data is correct. Reinstatements are reported by reducing the number of contracts and crops cancelled and by reducing the premium and acres lost. They are not reflected as sales.

Procedure Meeting - We feel that the meeting was successful and worthwhile. Mr. Nikkel and Mr. Barrett covered the points that needed to be brought out in a very complete and thorough manner.

We appreciate the efforts that were necessary for you to be in attendance. The weather certainly wasn't the best for travel but you made it on time and we were able to discuss all items as planned. Thanks again.

Reconciliation of Accounts - If you have not sent in your report, please do so in the next week. Collections can be worked in with sales contacts. Let's keep all the business we can.

NODAK CROP INSURANCE NEWS

1965 Edition No. 6

February 12, 1965

Sales - Director Markel's District is now in the plus on net acres sold and building toward its goal for 1965. Markel now has three counties in the "plus" group.

Other counties in the "plus" are Dickey and Williams. The group should attain new members each week.

Reconciliation of accounts - If you haven't reported, please do so immediately. The State ASCS office has been furnished with the ASCS copies of the Statements of Account for all the Service Counties. County ASCS offices should have the copies in a few days.

1965 Feed Grain Program - We are enclosing a general explanation of the program which was prepared for ASCS committee-men. You should become familiar with this program so that you can discuss it with your insureds as necessary.

1965 Edition No. 7

February 18, 1965

Sales - Kidder County in Director Olson's District has joined the "plus" group this week and is the only county showing 100 or more crop sales to date. Director Piehl's Area was the leader in total crop sales and acres for the week.

Radio, T.V. and newspaper advertising is in full swing along with your mail campaign. Attached is a letter developed in Art Jorgensen's District which is being mailed to all prospects. Copies are available at a cost of one cent per copy in lots of 10,000. Contact Mr. Jorgensen.

Six reports are missing this week. We need them every week.

We also need thousands of personal contacts in the next few weeks in order to obtain the sales that will result in a successful 1965 campaign.

Accounts - Reconciling is about complete. ASCS copies of the accounts for Regular Agent Counties will be sent to the State ASCS office in the next few days.

NODAK CROP INSURANCE NEWS

1965 Edition No. 8

February 26, 1965

Sales - Cass County has now joined Bowman, Dickey, Hettinger, Kidder, Slope, and Williams Counties in the "plus" acreage column. Director Piehl's District was the leader this week in crop sales. Director Jorgensen's District led in net acreage sold.

The status of our 1965 sales campaign is cause for real concern. With less than five weeks remaining in our sales period, we are still 116,887 acres short of what we insured last year and 301,887 acres short of our quota. What this means is that we will need over 60,000 acres sold in each of the remaining weeks in order to attain our goal.

The weather has improved considerably the past 10 days, and it should no longer be as difficult to travel in rural areas as it was most of January and February. All that we need is an all-out 100% effort on the part of you agents and fieldmen to put North Dakota over the top in crop insurance sales. I'm confident that you can do it.

Five reports are missing this week. It is an absolute necessity that every county send in a sales report every week!
